NOTE FOR : The Director
FROM: Dave Gries 
SUBJECT: Feedback from Breakfast with Young Officers

After the breakfast the officers said they had benefitted from the meeting. They felt that important points were surfaced--the quality of training personnel, the need for greater cross-fertilization between Directorates, as many officers as possible to enter the Agency through the CT program.

Later in the day, one of the officers called to report that the group had decided to meet again informally to continue discussing some of these points among themselves. I take that as a very positive development.
